13/3/2025 PAKENHAM

RACE 8 – 9:15PM HYGAIN TRACKTORQUE 0-62 HANDICAP (1400M)

Good 4 at the time of writing with the rail out 2m the circuit. Monitor track pattern/conditions throughout the meeting. #11 QUEEN AMANJENA should go forward with #2 FIVE STAR KING and #8 LADY POTATO HEAD. Should be run at an average/above average tempo.

The Cranbourne win back in January of #10 TRANGOJAHRAY was very impressive and if the recent 3/3 trial is any guide, she has improved leading into this preparation. She sat 3 wide without cover in that Maiden win and toyed with her opposition, suggesting she was a horse with a bright future. She went forward in the recent trial and appeared to move very well and came away to win stylishly. Should get every opportunity here from barrier 2 and don't think the 1400m fresh off the short break will pose any issue. She will be contesting much better races than this and this looks a great race for her.

#12 TWIN ENGINE returns for McEvoy/Lane off a very nice piece of work at Ballarat on 24/2. She lengthened well there and put a margin on the field and looks to have come on over her break. Looks to get a nice run tucked in behind them from 8 and is the clear danger. #8 LADY POTATO HEAD was good stepping out of Maiden grade at this track/trip last time out and maps for a great run again. Only has to run to that level to be competitive.

#5 HOT MAJESTY returns Gelded and trialed well against Lady Jones at Wangaratta on 4/3. Drawn 5 he should get a lovely run in the race and looks another logical danger.

SELECTION:

#10 TRANGOJAHRAY (win)
