

THE TRIAL FILES

24/06/2024 ALBURY

Race 2 - 1:20PM ALBURY WODONGA PLASTERING SERVICES MAIDEN HANDICAP (900 METRES)

On a Soft 6 here at Albury. We take a look at a 900m Maiden and a field of 12 with two debutants. Naturally a few with speed but we have CAPTIAL ROCK and BRIMIN as the two most likely to take it up.

We're keen to focus on #4 TURN TO GLORY. This gelding has a little bit of market support on debut at Bendigo back in February but was well beaten. It looked a good race with Ameena winning that before winning at Caulfield and placing in a Group 3. That horse also ran well in a Percy Sykes. #4 TURN TO GLORY was immediately sent to the paddock after that and willing to completely forgive him for the run. He comes into this on the back of a very impressive barrier trial at Wangaratta with the blinkers going on. He showed the speed there that can see him be prominent in the run from a perfect barrier and give this race a shake. The market has found this gelding with him firming all morning but that is a positive.

#2 READ MY LIPS looks the danger. He is a 7 start maiden but improved second up to run a nice second placing over 1000m here at this track. Inside barrier and Lachy King staying on.

Selection:

#4 **TURN TO GLORY** (Win and Place)
